Temp Range ° F	0° - 180° F
FDA/USDA	Yes
Anti-Static	Yes
Recommended Splice	#125 Staple, #7 Alligator®, #1 Clipper®
Maximum Width	72"

Feature/Benefits:

The crescent shape is ideal for incline conveying as well as creating a multitude of tiny "buckets" for moving wet materials. The versatile pattern can also be reversed to drain a product while conveying on the incline. Unique pattern is self-cleaning, and since the crescents overlap, there is constant contact with return rolls virtually eliminating bumps and thumps.
