

CONVEYOR BELT REPAIR KIT

Bully Tough polyurethane products are designed for quick accurate mixing with long lasting results for conveyor belting and supporting parts.

Packaged for easy on ratio mixing using either a dual cartridge dispensing system or hand mixing can kits.

Adheres to many surfaces such as rubber, polyurethane, PVC belting and metal.

Repairs come in all sizes, it's important to understand how much surface area your crew can complete in one shift and that forecast conditions are favorable for the entire job.

Used for Applications such as:

- Top Cover Repairs
- Edge Repairs
- Hole or Split Through Repairs
- Metal Clip Protection
